

Sanjay Ramamoorthy

Video Editor

sanjayramamoorthy18@gmail.com | +91 93636 27491 | Coimbatore, Tamil Nadu

PROFILE SUMMARY

Creative and detail-oriented video editor with hands-on experience editing short-form and long-form content using Adobe Premiere Pro, After Effects, CapCut, and Topaz. Skilled in pacing, transitions, color correction, sound syncing, and AI-based video enhancement to produce polished, engaging visuals. Comfortable managing the full edit workflow independently and open to freelance and client projects.

TECHNICAL SKILLS

- **Editing Software:** Adobe Premiere Pro, Adobe After Effects, CapCut
- **AI / Enhancement Tools:** Topaz Video AI (upscaling, noise reduction, slow-motion)
- **Editing Techniques:** Cutting & Pacing, Transitions, Color Grading & Correction, Audio Syncing, Basic Motion Graphics
- **Content Formats:** Short-form Reels, Long-form YouTube/Vlogs, Social Media Content
- **Other Tools:** Git & GitHub, Excel, Word, Canva, Figma

EXPERIENCE

Independent Video Editor (Freelance)

Self-employed | Ongoing

- Edit and publish a steady mix of short-form reels and longer-form videos, managing the process end-to-end from raw footage to final export.
- Use Premiere Pro and CapCut for cutting, pacing, and assembling story-driven edits, with After Effects for motion graphics and text animation.
- Use Topaz Video AI to upscale footage, reduce noise, and enhance overall video quality.
- Handle color grading and audio syncing to deliver a consistent, professional final output.
- Take on freelance editing requests, adapting style and pacing to match each client's content and audience.
